PROFESSIONAL SUMMARY

Third-year Computer Science and Engineering student interested in building practical web applications. I have worked with C, Python, and Java, along with HTML, CSS, JavaScript, SQL, and database management. My academic projects have given me hands-on practice with application logic, data handling, and connecting frontend and backend components. I am looking for an internship where I can improve these skills while contributing to real software projects.

EDUCATION

Rajalakshmi Institute of Technology, Chennai *Expected 2027*

B.E. in Computer Science and Engineering | CGPA: 8.0 (Third Year)

- Higher Secondary (12th): State Board — 86.67% (520/600)
- SSLC (10th): State Board — 80.60% (403/500)

TECHNICAL SKILLS

Frontend: HTML, CSS, JavaScript, Responsive UI

Backend & DB: SQL, Data Structuring, Database Management

Languages: C, Python, Java

Tools & Concepts: Git, GitHub, Debugging, Problem Solving

PROJECTS

Oil Spill Detection & Management System *Academic Mini Project*

- **Backend & Logic:** Worked on a software-based approach for examining and processing information related to oil spills.
- **Data Management:** Structured data and backend logic to represent and monitor oil-spill scenarios.

Hostel Management System *Application Concept*

- **Application Design:** Planned a management application for student records, room allocation, and routine hostel operations.
- **Data Flow:** Organized backend data handling for records and day-to-day operations.

Movie Collection Manager *Utility Application*

- **Frontend & Backend:** Built an application for organizing, storing, searching, and managing movie records.
- **Data Storage:** Used structured storage and search features to retrieve movie information.

ACTIVITIES & ACHIEVEMENTS

- **Smart India Hackathon (SIH):** Participated in SIH-related institutional activities and team brainstorming sessions.
- **Coding & Problem Solving:** Took part in peer coding activities, debugging exercises, and logical problem-solving challenges.
- **Industrial Exposure:** Participated in academic industrial visits to understand engineering work environments.

CAREER INTERESTS

Frontend Development | Backend Development | Full-Stack Web Development | Software Engineering Internships
